

Lasting Impressions

10 Memorable Intermediate Piano Solos in Major and Relative Minor Keys

Randall Hartsell

Lasting Impressions

10 Memorable Intermediate Piano Solos in Major and Relative Minor Keys

Randall Hartsell

The music in this collection is written in major and relative minor keys and presents students and teachers with a very special learning experience. These new pieces are fresh with vitality and offer many contrasts in moods, dynamics and technique.

The major keys of C, D, F, B $\flat$, E $\flat$ and their relative minor keys are featured. The music is written so that these keys are accessible to the intermediate student and will help support the learning of the corresponding scales as well.

This book offers the unique opportunity to reinforce the relationship between major and relative minor keys through a variety of solos. Memorizing and practicing the scale for each piece will serve both as an aid in learning the piece and as a technical study.

All the best,

Randall Hartsell
