Preludes, Offertories and Postludes for Four Services

Christmas is my favorite time of the year! I'm delighted to share with you some of my all-time favorite carols, along with a couple of new ones. Hopefully this collection will help you to enjoy a fresh view of the seasonal music we've come to love and know so well.

I have included some simple lullabies, jazzy spirituals, flowing nostalgic carols with lush harmonies, rhythmic explorations, and a keyboard setting of a vocal piece. As you perform these arrangements, keep in mind the importance of bringing out the melodic line. Dynamic markings, articulations and some suggested fingerings are provided to aid performance. Light pedaling is appropriate in most instances.

I hope you and your listeners enjoy these arrangements, as you celebrate the most wonderful season of the year.
